***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: the applicant has added the limitation the torch flame should extend into the combustion chamber "generally perpendicular" to the mouthpiece pipe, as well as across the bottom of the combustion chamber. The examiner believes that these limitations differentiate the apparatus from that of the prior art in that the flame is in a particular location at the bottom of the bowl with respect to the mouthpiece pipe. This arrangement is not shown in the prior art regardless of the type of ignition system (electric resistance or flame).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MICHAEL J. FELTON whose telephone number is (571)272-4805. The examiner can normally be reached on Monday to Friday, 7:30 AM to 4:30 PM EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Phillip C. Tucker can be reached on 571-272-1095. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
